Let's learn about the Lunar Zodiac

The Great Race but where is cat?

The Jade Emperor proclaimed that the first 12 animals to join the great race would be able to take part.

The order that the animals finished in would be their place in the Lunar calendar.

Cat and Rat were best best friends.
Cat liked to sleep late! Cat asked Rat to
wake them up on the morning of the race. But on that
day, Rat was so excited and
forgot to wake Cat up.

Cat overslept and missed the chance to sign up to
the race and that is why there is no Cat in the
lunar calendar!

Clever Rat had a place in the race and hatched a plan to win. The finish line was just across the river and Rat was not a fast swimmer. So Rat made a deal with Ox. While Ox carried Rat across the river, Rat would sing Ox a song.

But when Ox was nearly at the finish line, clever Rat jumped down and ran ahead to win the race!

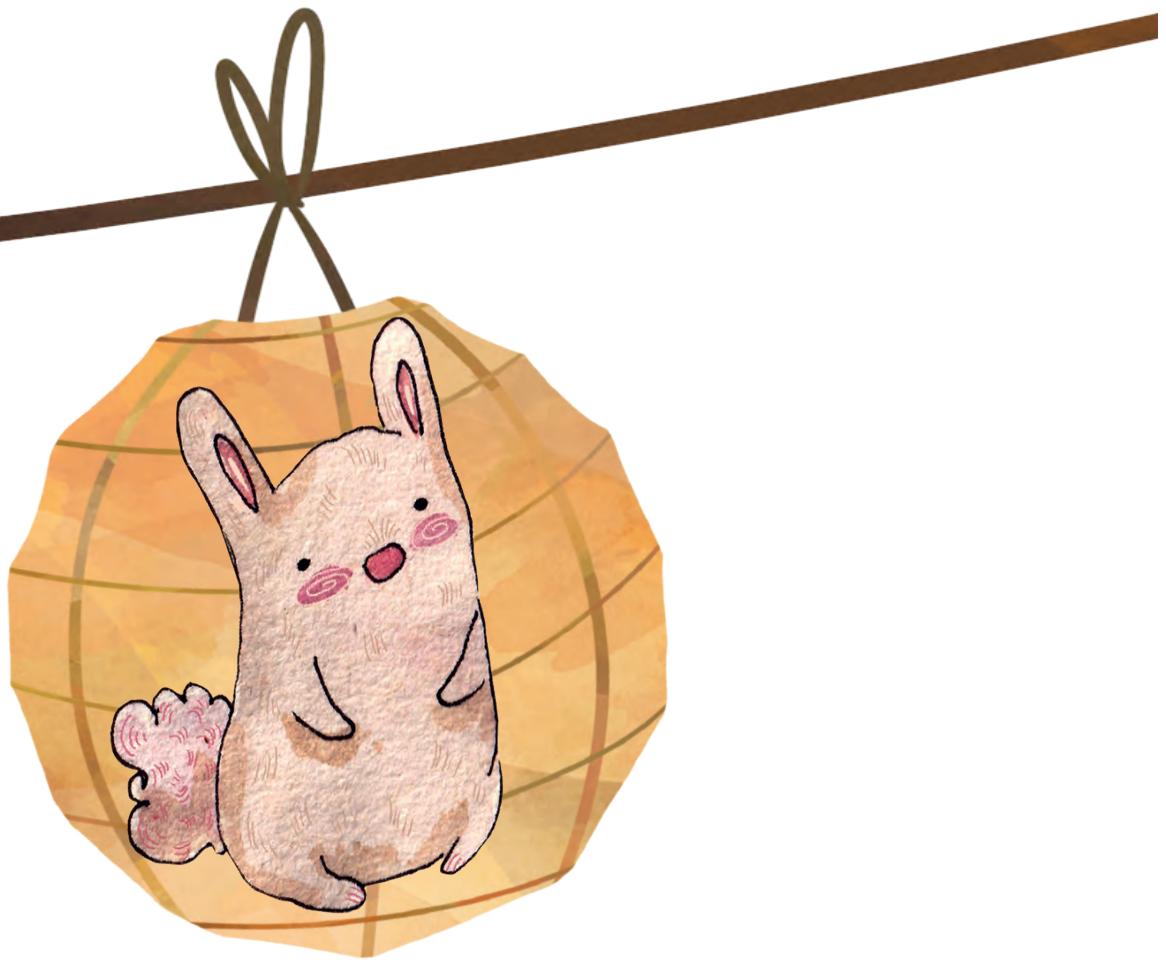

So clever Rat snuck in to win first place! Rat was followed by strong Ox, swift Tiger, **rapid Rabbit**, soaring Dragon, smart Snake, galloping Horse, ready Ram, cheeky Monkey, quick-step Rooster, dashing Dog and resiliant Pig.

And poor cat missed out on the opportunity to be a Zodiac animal. Maybe that's why cats are always chasing rats!

You were born in the year of the RABBIT!
Rabbits are skillful and smart.
You are kind hearted and friendly which means
you are a brilliant friend!

There are 5 Elements of the Lunar New Year
You could be any combination
of animal and element.

Which element are you? Let's find out!

Earth

- You help and care for everyone around you.

You are practical and balanced. You take your time to get things right and you are ambitious and like to make plans.

We had so much fun finding out about
your special birthday! Everyone who
knows you knows how special you are.

And now we know just how
special your birthday is too!
